### **Intention Statement**

Imagine New Thought Unity Center where there is more than enough – more than enough energy, creativity, enthusiasm, expertise, volunteerism, money – an abundance of inspired, committed Unity students of all ages and backgrounds who come together to worship, minister, support, serve, and make a difference in the world.

Next, imagine an amazing partnership between each Board member, the minister, the staff, the congregation and all credentialed and other leaders where we are all modeling self-responsibility, personal integrity, commitment to spiritual practice and prayer, and Unity principles in such a way that others are inspired to take up meaningful roles in the life of our Center – leaders cultivating and mentoring other leaders.

Consider what it would be like to participate in a Center that is so clear about who and what it has come here to be – that the majority of the community are in active roles of bringing forth the shared vision of their future together. Not only are people involved, but they are learning, growing, and transforming. And because of this, there is a welcoming spirit that goes beyond attraction – one that brings first-timers face to face with the mirror of their own divinity.
